"UglyFruitsNOT!"

Programme that started in
2022 and will run until 2024.

About the Project

UglyFruitsNOT! project has as the main outcome the creation of an innovative Training Program for VET trainers in "Ugly" fruits and vegetable waste reduction in the frames of sustainable production and consumption and food waste management.

This training program will develop the knowledge, skills, and competences they need to effectively train professionals in the food supply chain to understand the significant role they can play in the "ugly" fruits and vegetable waste reduction in the frames of sustainable production and consumption, and their contribution in consumers' awareness-raising on the importance of being a sustainable consumer.

Kick-Off Meeting

The "KICK-OFF MEETING" of the project took place in WROCŁAW in Poland from 27 to 28 October 2022. During these two days of meeting, the main objectives, tasks and dissemination plan to be developed by each participating institution were presented and discussed. They were two intense days of meetings where the various partners had the opportunity to get to know each other

LOGO

The project's logo was approved by all partners and looks very cool!
